Karachi Robotics Club - Annual Report 2025 (fictional test document).
The Karachi Robotics Club has 75 members and meets every Wednesday at 4 pm in Lab 3. In 2025 the club built a line-following robot named Falcon-7, which won second place at the National Student Robotics Challenge held in Lahore. The club's annual budget is 900,000 rupees and its president is Ayesha Khan. The club plans to build an underwater drone in 2026.
